## Book and CD reviews:

Spring has Sprung!

### **Delirious: "Kingdom of Comfort"**

Worship rock pioneers *Delirious?* released their latest album "Kingdom of Comfort." While being one of the Christian world's most progressive rock band, *Kingdom of Comfort* shows the band's journey both musically and spiritually. While KOC draws comparisons to other contemporary bands such as *The Killers* and *Muse*-they also continue with their *U2esque* sound. The biggest difference between this album and previous projects is their heart towards social issues which are not always easy to talk about.

### **Bethany Dillon: So Far, The Acoustic Sessions**

Fans of acoustic singer-songwriter will enjoy her new acoustic compilation of some of her previously recorded best songs "so far". Her soulful voice has a chance to stand out with light acoustic guitars and a piano backing it up- yet leaving the songwriting stripped down and more intimate. Most of Dillon's touring recently has been acoustic performances which comes through in this album. Influences from her husband, *Shane Barnard*, are also clearly heard in this album while similarities to his duo, *Shane and Shane's* acoustic album *Upstairs*.

## Mission Statement

*Our mission is to equip the body of Christ in West Chester and surrounding areas by connecting them to the Christ centered resources needed to share God's love with others and build them up in their own faith. Additionally, our mission is to connect people in West Chester and surrounding areas to the local church, promoting unity, for the common purpose of reaching a lost world.*

### **The Young Lady in Waiting: Developing the Heart of a Princess, Jackie Kendall**

*The Young Lady in Waiting* contains the same wisdom as the widely popular original book *Lady in Waiting*, but focused towards a younger generation. Written mostly for young women in their late teens and early twenties, it teaches on how to prepare your heart while single and becoming the woman the Lord wants you to be.
